Subject: Invitation walk-in meeting Tuesday 30 January 2024

Datum: 15 January 2024

Dear resident, business owner or other interested party,

We would like to invite you to a walk-in meeting **on Tuesday 30 January 2024, between 4:00 pm and 7:00 pm** in the OZW-building of Vrije Universiteit Amsterdam. During this meeting, we will give you an update on the developments in and around Kenniskwartier in Zuidas. Kenniskwartier is the area located south of the A10, between Amstelveenseweg, A.J. Ernststraat, Buitenveldertselaan and Parnassusweg.

Various parties, including Vrije Universiteit Amsterdam (VU), Amsterdam UMC (location Vumc) and the municipality of Amsterdam (District Zuid and Zuidas), work together on the area development in Kenniskwartier. The objective is to turn Kenniskwartier, as an integral part of the new urban district Zuidas, into a prominent innovation hub, offering a unique combination of living, working, education, research, healthcare and sports (facilities).

To achieve this, a lot will happen in and around Kenniskwartier over the upcoming years. New buildings will appear; old buildings will disappear. In total, about 2,700 homes will be realised (of which more than 400 will be completed in 2024), as well as a variety of services (such as bars, restaurants and shops). On the southern side of the VU campus, the Maths and Physics Building (W&N Building) will give way to the sports grounds of Sportclub Buitenveldert. At the same time, Zuidasdok (the collaboration between the Directorate-General for Public Works and Water Management, ProRail and the City of Amsterdam) will be working on the extension of Amsterdam Zuid and the renovation of the A10.

During the walk-in meeting, we would like to tell you more about these developments. To accommodate as many people as possible, there will be two rounds of presentations. At the information market before and after the presentations, there will be an opportunity to discuss any questions you may have with representatives of the various parties and projects.
