Overnight building works

Pagina 1 van 1

Dear resident, business owner or interested party,

Overnight building works are scheduled for the upcoming two weeks on the Schinkelbrug. They will be carried out by construction company Equans, and consist of creating platforms equipped with cameras.

The work schedule is as follows:

- 28 November to 8 December – work on metro bridge between 1:00 and 5:00 am;
- 5 to 9 December – work on the A10 between 11:00 pm and 5:00 am.

The City of Amsterdam has applied for an overnight exemption for these activities, with reference Z/22/2101050-3730056.

We expect these activities to only produce limited noise pollution.
