Subject: Invitation for second walk-in meeting on Parnas Public Space

Dear resident, business owner or other interested party,

We would like to invite you to the next walk-in meeting relating to the public space in the Parnas project area. Along Fred. Roeskestraat, two new developments are about to materialise: the future Hartwig Museum and the new development on the adjacent plot (C2/C3). We will completely redesign the public space in the surrounding area. In December 2025, we already showed you a sketch of the design for this public space.

During the upcoming walk-in meeting, we will be sharing the preliminary design, so that you can share your views with us. It will also offer you the opportunity to ask the Hartwig Museum any questions you may have.

- **What:** Second walk-in meeting Parnas Public Space
- **When:** Thursday 28 May 2026, 5:30 – 7:30 pm

Where: Proxy, 213 Parnassusweg, 1077 DG Amsterdam

What can you expect?

During the meeting, we will elaborate on the following:

- The preliminary design for the public space
- The design for places where you can sit, relax, meet up
- The working group dedicated to art, including options for you to join

Online participation

Are you unable to join us in person, but would you still like to contribute to the design process? Then you can scan the QR-code and share your views online. This will be possible until 11 June 2026.

No need to register in advance

You are very welcome to join us anytime between 5:30 and 7:30 pm. You do not need to sign up in advance. Do you have any questions before the meeting takes place? Then please do not hesitate to contact us via [zuidas.nl/contact](https://www.zuidas.nl/contact) or via freephone number 0800 – 5065. We look forward to meeting you on Thursday 28 May.

Kind regards,

A handwritten signature in black ink, consisting of several loops and a long horizontal stroke extending to the right.
